

## NECESSITY

Is the mother of Invention. Invention is a fine child and peculiarly American; so we don't wonder that Necessity likes to be recognized as his mother.

We want to introduce another child of Necessity named Reduction; for Necessity is the mother of Reduction, and though he is not a child that shows off like Invention, he is helpful in his way.

## SHEER NECESSITY

Forces us to make an all around reduction in every line, in order to reduce the excessive surplus of our summer stock. Our necessity is your opportunity, so don't delay, but come and get the benefit of manufacturers prices.

We are the recognized leaders in all lines. Our cash system enables us to make two bargains for one, and to save money for other people. We buy and sell for cash, and we buy better and lower and sell better and lower than any credit-crippled competitor.

**WHAT** We wish to call your attention to this week is our large line of Shoes—every pair warranted to be the very best in every particular of make and material.

**WHY** We sell only the best is easily explained:—the 'best' brings people back, holds custom, makes us friends and so establishes trade.

**WHEN** You want Shoes, you'll find us waiting—Monday, Saturday, Friday, Tuesday, Wednesday, Thursday—any day but Sunday.

**WHERE** We do business is the headquarters of the Shoe trade—perhaps we had better say footquarters. Why not?

**WHO** Are we? The carpenter is known by his chips—we by our Shoes. We are the reliable Shoe men.

The Barbecue.

The day for the enjoyment of an old-fashioned barbecue will never pass.

As long as man continues to love the sylvan shades of nature, lovely forests, so long will he love to ramble through the woods. To those who have a taste for scenes of nature, a young graduate projected a barbecue for last Saturday.

The principal investigators and promulgators of the scheme were: Messrs. J. W. Jackson, H. M. Moore, C. N. Gauthier, James Stillman, A. May, J. R. Phelps and W. A. Gibson.

The expenses were paid by subscription.

Every man who paid fifty cents could go and take part in the barbecue.

He who could not go according to the social status in which he found himself. The day was beautiful. The barbecue lamb and chickens was as delicious to the taste as the most tempting viand a skinned rabbit. A barbecue is a meal that is made as often as old-salmon and backboiled are, and many were the praises expressed of the meal.

The enjoyable repast was concluded with a bonfire supper of meat and beans.

During the evening the players for the crowd assembled, those who came in the afternoon exerting a modern picnic, were consequently disappointed.

It was a magnificient barbecue.

Those who were there will be sorry to see that we have more to come.
